

What's New at the Alternative Fuels Data Center SEPTEMBER 2001

Listed below are new publications and other information made available in September through the U.S. Department of Energy's Alternative Fuels Data Center managed by the National Renewable Energy Laboratory. For more information, questions, or to subscribe to this monthly update, contact Wendy Dafoe at wendy_dafoe@nrel.gov, or call 303-275-4470.

Current and past issues of this report are now available in pdf format on the Web at http://www.ccities.doe.gov/toolbox/coord_news.shtml.

NEW INFORMATION AND PUBLICATIONS

Some documents are available in hard copy, as indicated below. For hard copies call the Hotline at 1-800-CCITIES.

- Ordering and delivery information on most alternative fuels vehicles is now available on the Fleet Buyer's Guide. Information will be updated monthly and this report will recap significant updates. Go to www.fleets.doe.gov, click on Production Information on the left tool bar.
- The Fleet Buyer's Guide also has model year 2002 information for light duty and heavy vehicles. Go to http://www.afdc.doe.gov/pdfs/wModel_Year2002AFVs.pdf for the LD list. For the heavy vehicle list go to www.fleets.doe.gov, click on *How can you buy and AFV?*, then click Buy a Heavy Duty
- Some things are worth repeating. ***Fueling the Future***, an instructional poster developed by the National Energy Foundation and Salt Lake Clean Cities coalition is available from the Hotline. The poster features information on solutions, concerns and some of the challenges of future energy uses, with a focus on alternative fuel vehicles. If you haven't seen it call the Hotline to order a copy. Nice job by Beverly Miller and NEF.
- **Biodiesel - Clean Green Diesel Fuel.** Updated version of a Biodiesel fact sheet, on the Web at <http://www.nrel.gov/docs/fy01osti/30882.pdf>
- **Flyers for the 8th National Clean Cities Conference** were sent to Coordinators in September. If you'd like more copies please call the Hotline.
- Lee Grannis from the New Haven Coalition got some good press for his **electric trolley in New Haven**. See What's New on the Clean Cities Web site for the story. Congratulations Lee.
- **Propane Education and Research Council** has a new Web site at www.usepropane.com. New look and layout.
